1. ramus profundus V. facialis.
2. V. maxillaris posterior interna
3. V. ophthalmica facialis.
4. 5. Venulae in pectus oculi expositae et mundaean fere magis.
6. Ramus superficialis V. ophthalmicae
7. ramus externus
8. Ramus internus seu V. infraorbitalis.
9. Vena quae emittit venam ciliariam inferiorem oculi. pag. 66.
et venam anastomoticam cum eadem posteriori venae ciliariae ophthalmicae. fig. 27.
10. ramus anastomoticus V. ophthalmicae facialis cum V. ophthalmica ciliaria.
11. V. ciliaria anterior
12. V. ciliaria posterior
13. Anastomosis V. ophthalmicae cum ramo dependente

1. ramus profundus Venae facialis internae
2. Vena nasalis posterior interna.
3. Vena ophthalmica facialis.
4. 5 Venulae a substantia osis pygomatici et membranae limbo maxillaris procedentes.
6. ~~ramus superficialis~~ ^{superficialis} venae ophthalmicae facialis.
7. ~~ramus~~ ^{ramus} ciliaris. et
8. ~~ramus~~ ^{ramus} internus seu Vena infraorbitalis.
9. Vena e Vena ciliari inferiori externa Fig. 2. 6. 6. et Vena anastomotica cum ramo posteriori Venae ophthalmicae cerebialis ^{Fig. 2. 7.} confluentis.
10. Ramus anastomoticus Venae ophthalmicae facialis cum trunco Venae ophthalmicae cerebialis.
11. Vena ciliaris anterior
12. furculi ejus ad Musculum Rectum externum.
13. Vena anastomotica Venae ophthalmicae facialis cum ~~ramo~~ ^{ramo} descendente Venae ophthalmicae cerebialis.
14. Vena ciliaris externa huius ramo infecta.
15. V. communicans cum ramo posteriori rami inferioris Venae ophthalmicae cerebialis.
16. ~~V.~~ ^{V.} ~~in V. facialem facialem abeunt.~~
17. V. Musculi Recti inferioris ~~in V. facialem facialem abeunt.~~
18. ~~superficialis~~ ^{superficialis} Venae facialis in sinum cavernosum.
19. 20. Vena ophthalmica cerebialis in sinum cavernosum infecta.
20. Vena centralis retinae in sinum cavernosum infecta.
21. ~~ramus~~ ^{ramus} ejus ad vaginam Nervi optici
22. V. Ethmoidica posterior in sinum ophthalmicum abeunt.
23. 24.
26. Venae Musculi recti superioris.
27. Venae Musculi recti interni et lateralis palpebrarum.
28. V. lacrymalis.

29. Anastomosis Venae lacrymalis cum ciliari superioris.
30. V. recti superioris et lateralis palpebrarum in 28 abeunt.
31. Ramuli ~~de~~ ^{de} ophthalmici
34. 35. V. ciliaris superioris
36. ~~superficialis~~ ^{superficialis} anastomotica ophthalmica cerebialis et facialem.

Fig. 2.

9. V. ophthalmica cerebialis conjuncta
10. ~~ramus~~ ^{ramus} inferior ~~in~~ ^{confluit}
11. ~~ramus~~ ^{ramus} anterior
12. et ramulum ~~ex~~ ^{ex} ~~venae~~ ^{venae} ciliaribus conjunctis.
13. V. inferior brevior.
14. V. inferior longior.
15. V. ethmoidica anterior
16. V. nasalis ~~venae~~ ^{venae} ophthalmicae cerebialis ~~in~~ ⁱⁿ
17. 18. 19. 20. ~~furculi~~ ^{furculi} ejus ~~ad~~ ^{ad} ~~ramum~~ ^{ramum} anastom.
21. N. furculus ejus ~~ad~~ ^{ad} ~~perforationem~~ ^{perforationem} orbitae anastomosis ~~in~~ ⁱⁿ ~~venam~~ ^{venam} (Fig. 1)
22. Conjunctio Venae ophthalmicae cerebialis cum Venae facialis internae ~~ramo~~ ^{ramo} ~~in~~ ⁱⁿ ~~sinu~~ ^{sinu} cavernoso
23. Venae supraorbitalis et
24. Venae frontalis.
