Viva et realis cognitio nulli est, nisi existentis = in re corpore seu existente. Est oculi! Cornea tunica est humida = ea quae ejici non potest = vitrea et aquea et ejus nulla. Ego habeo humorem albugineum, qui obtegit totum albugineum meum = ejus crassa. Deinde uvea ubi dat tela degata. Et si oculus sanus, debet esse quia manet quae ratio est et oculus bonus potest videre et ejus nulla est, oculi = et existere et tunica nulli est subjecta, nec sibi.
